

SURESH RATTAN, *Ph.D., D.Sc.*, is Professor of Biogerontology at the Department of Molecular Biology and Genetics, Aarhus University, Denmark. His research areas and expertise include ageing of human cells and application of the concept of mild stress-induced hormesis as a modulator of ageing. He is the recipient of the Lord Cohen Medal in Gerontology from the British Society for Research on Ageing (BSRA), and an Honorary Doctorate from the Russian Academy of Medical Sciences. He has published more than 250 scientific articles, and has edited/co-edited 15 books, including books for children, general public and research scientists. He is the founder and Editor-in-Chief of *Biogerontology* – an international peer reviewed journal published by Springer-Nature. His personal website is: www.sureshrattan.com
